#### *Guidance on complaint*

The decision can be referred to The Danish Agency for Higher Education and Science if the appeal concerns legal issues. The deadline for submission of an appeal is two weeks from the day the decision is announced to you. The appeal should be submitted to DTU, the Office for Study Programmes and Student Affairs via [international@adm.dtu.dk](mailto:international@adm.dtu.dk).

When DTU receives an appeal, a reassessment of the appealed decision is made on the basis of the information you have provided in your appeal. In this connection, DTU may decide to reverse the decision, i.e., accommodate your appeal. If DTU chooses to uphold the decision, DTU will prepare a statement about the decision and your appeal. The statement will be sent to you so that you have the opportunity to comment on it. Finally, the entire case will be sent to The Danish Agency for Higher Education and Science for their consideration. You will receive a receipt from the Agency for your appeal. The processing time for an appeal in the Agency is currently approx. six months, which makes unlikely that a new decision would be made in time for it to have an effect for the proposed semester abroad.

Best regards,

International Education  
Technical University of Denmark
